**The Red Devils.**  
C. A. Moore arrived at Winnemucca from White Horse Wednesday evening having made the trip in less than thirty-six hours. He says there are 50 white men now

**FORTIFIED AT THAT PLACE.**  
all armed, some with breech-loaders and others with ordinary rifles and shot guns. They have about 500 horses on the meadows, and a guard of ten men out all the time. There is no longer any doubts of the murder of Dixon and Dickinson, and the burning of William Smith and his son by the Indians. One of Naches' Putes

**ESCAPED FROM THE HOSTILES**  
last Saturday, west of Stein mountain. He says that on Sunday morning while crossing the mountains he saw two "dusts" which were some distance apart when he first noticed them, get together, and he thinks they were made by soldiers and Indians. The general impression among men acquainted with the country is that

**CHIEF NACHES**  
is almost idolized by the settlers, who are showering presents upon him for saving their lives. Devine & Todd-hunter gave him a fine horse, Con. Ryan gave him a saddle and saddle, John Dixon presented him a rifle worth \$60, J. F. Brown has given him a horse, and Frank Burns and others have promised him more horses. He is the happiest Indian in the United States and feels that his services have been appreciated by the whites.

**HOSTILITY IN THE BLACK HILLS.**  
Last Sunday the Indians made their first demonstration of hostility of the season in this section, by firing upon two citizens of Deadwood who were on a hunting trip near the Red Water, thirty miles from here. The men had killed an antelope, and were fastening it on a pony, when two shots were fired at and struck in close proximity to them. They immediately dropped the antelope and made their escape, followed by several more shots from the hostiles, five of whom were in view.

**How the Queen of Spain Died.**  
MADRID, June 27.—The announcement of the death of the Queen of Spain has been received with profound sorrow and sympathy throughout Europe. The feeling in Spain almost approaches consternation. Hopes were raised at the crisis of the disease that the vigorous constitution of the Queen might triumph over a complication of maladies, but her condition was made doubly perilous by the fact that she was expected to become a mother before the end of the year. The Queen died about noon, in the arms of the King and surrounded by the royal family. The remains will be in state to-day and be conveyed to the royal mausoleum at Escorial on Friday. The President of the medical faculty of the royal palace, in a bulletin to the President of the Council of Ministers announcing the death of the Queen, attributes the painful event to nervous gastric fever, accompanied by severe intestinal hemorrhage.

**The Berlin Congress.**  
BERLIN, June 26.—At the sitting of the Congress to-day Prince Gortchakoff was present. It is believed the Congress discussed the southern boundary of Roumelia, and the appointment of a Governor for the Province, who is to be a Christian and appointed by the Porte with the approval of the Powers. England, Austria and Russia being generally agreed concerning the question of Bosnia, Serbia, Montenegro, Epirus and Thessaly, no difficulty is expected on this point.

**Failed to Indict.**  
The grand jury in the case of the People vs. R. A. Clark, for the killing of Albert H. Adams, failed to indict. The jury, we believe, stood nine for a bill to eight against, and as twelve jurors are necessary to an indictment, a failure to indict was the result. The more we see and hear of the grand jury system, the more strongly are we convinced that it is a farce or something worse.—*Carson Appeal.*

Anderson's price for silence was small and he couldn't get it. Therefore he rallied round the bar.

### FELLOWS' Compound Syrup!

### —OF—

### HYPOPHOSPHITES.

### THIS DISCOVERY

Is the result of a series of Scientific Experiments based upon the theory that "for the successful cure of Wasting Diseases, the nervous system must be made vigorous and healthy."

One of the first symptoms of disease affecting either the Liver, Lungs, Heart, Stomach, or Genital Organs, is a loss of nervous power. This is followed by muscular relaxation, weakness, and emaciation of all the organs which depend for health or involuntary muscular action, the weaker suffering first.

The muscular action upon this idea, that the muscles and nerves depend upon each other for efficient strength and action, and that they must be treated directly in order to speedily and permanently cure diseases of the organs which they control, became convinced, after months of experiment, that no other preparation contained so potent and direct effect upon the nervous system as his

### Compound Syrup of Hypophosphites

and except in cases of actual organic loss, that it would restore patients suffering from those maladies.

Amongst the diseases overcome by the use of this remedy are the following:—

Chronic Constipation,

Chronic Dyspepsia,

Asthma,

Chronic Bronchitis,

Consumption,

Chronic Diarrhea,

Chronic Laryngitis,

Melancholy,

Nervous Debility.

Debility, resulting from Typhoid and other fevers, Diphtheritic Prostration, Hysteria, Hypochondria, Nervous Excitability, Marasmus, the wasting of the Muscles, Aphonia or Loss of Voice, Sluggishness of the Liver, Interrupted and Feeble Action of the Heart, Suppurating Fungus caused by mucous obstruction of the Lungs and Air Passages leading thereto, and Debility from various causes. Indigestion and habitual Constipation almost always arise from weakness of the muscles and nerves of the stomach and bowels. In such cases, Fellows' Compound Syrup of Hypophosphites has proved itself of the greatest service by inducing healthy peristaltic action of the intestines. The evacuations soon become copious and healthy, without producing the effect of purgative medicine.

Weakness of the Joints and Muscles, IMPURITY OF THE BLOOD, and INWARD WASTING may be cured by attention to the regular described doses, and by due regard to the habits of life.

### FELLOWS' Compound Syrup of Hypophosphites

The power of arresting diseases displayed by this preparation is honorably acknowledged by the medical faculty in every section where it has been introduced, and the large sale is the best guarantee of the estimation in which it is held by the public.

This syrup will cure PULMONARY CONSUMPTION in the first and second stages, will give tone and vigor to the system, and will cure ASTHMA, BRONCHITIS, LARYNGITIS and COUGHS. It will cure all diseases originating from want of MUSCULAR ACTION and NERVOUS FORCE.

Sold by all Druggists.

## THE LATE ELECTION IN CALIFORNIA

We have been very inquisitive upon the subject of California's election for delegates to the Constitutional Convention. We could not understand how Kearney could even carry one county or city like San Francisco, with both parties united against him. We therefore enquired as to the reason of his strength. The first reason seemed to be that men of capital and standing in the metropolis, failed to vote and work for their choice. This reason seemed insufficient, because the metropolitan press has been diligent in setting before the people every phase of the constitutional question, and the necessity for polling the full vote. Doubtless there were many, however, who preferred the easy chair to more active duties which should have engaged their attention. Another reason, and one nearer the truth, is found in the fact that a great class of laborers in San Francisco, having suffered by reason of depression in business, seeing that wages shrink while working hours remain the same, are groping for some lever by which they may upset the present condition of matters. They know that the present struggle for bread is very hard, and they are not accountable for it. They are thus in a position where the violent methods proposed by Kearney engages their sympathy. They demand relief, and where it does not come, the strong arm is always with them, the second thought.

Another reason, however, is found in the fact that men of means, and large numbers of them, voted for the Kearney ticket. Matters have been running entirely wrong, in their opinion. Cliques and rings have monopolized parties and made the business of this coast subservient and tributary to them. A change in these matters would come soonest through violent and sudden change of rulers, and hence Kearney had also a respectable following among the well-to-do citizens. These points are sufficient for the instruction of party managers, and with this view we have advanced them. These are hard times and the people know what they want. Help them, or they will help themselves.

### STEVENS SHOWS HIS METAL.

A. H. Stephens spoke in Augusta last night to an immense crowd, and vindicated his course on the Potter resolution by the logic of subsequent events, and declared that he could not be ruled out of the party by political tricksters. If the coming District Democratic Convention failed to nominate him he would appeal to the people. He said Hayes was doing more for the South than Tilden could have done, and declared that he himself would die in the temple of Jeffersonian Democracy, free from the party lash or caucus lasso.—Ex.

One point in the above throws more light on the accusation made, and the opinion generally held, that a number of Southern Congressmen had an understanding with President Hayes about the time of the electoral commission business, and while no positive agreement was made, yet the President outlined his policy and gave these representative men to understand that the South would be treated with that consideration accorded to every section of the Union. Hampton, Hill, Lamar and Stephens have given frequent expression to the opinion which Stephens voices above, viz: that Hayes is now doing more for the South, and has done more, than Tilden could have done. Now that politics are obtaining a hold upon politicians, and drawing within political circles many men who are weak honest men, and yet would otherwise adhere to principles which they believe should obtain; Stephens is being one of the strong honest men clashes very naturally with the Democratic caucus rings, and the latter seek to throw him off. If the Democrats of Georgia are true to their interests they will return Stephens to the House.

### The Noble Red Man's Ultimatum.

Virginia Chronicle: The Putes are willing to join in the Fourth of July procession, provided the committee will spread a banquet for them. For a good, square, warm meal on the Fourth they are willing to march all day. It is feared that the Carson people will step in and secure this feature if a prompt and satisfactory arrangement is not made by our committee.

Placer gold diggings have been found on the Upper Sweetwater, near South Pass, Utah. It is claimed that the miners are making \$3 per day.

## EDITORIAL NOTES.

The Workingmen's majority in Nevada county, Cal., was about 1900, so says the *Republican*.

The Carson Horribles will supplement the Fourth of July celebration in Carson, and now we know that the mass of Carson will formally celebrate.

The Reno Gazette makes the very good point on the editor of the Carson *Tribune*, that that gentleman seldom learns the iniquity of a bill till it becomes a law.—*Reveille*.

Butler says that Packard was elected Governor of Louisiana, and Hayes President of the United States. He will prove it. The Democrats say it is not fair to discuss their frauds. Butler did not find what he was looking for in the Potter committee.

"I deplore," says Gen. Butler, "the actual condition of the Presidency, to maintain which unchallenged wise and good men are driven to such desperate resorts of argument."

It rather occurs to our mind that some men are driven to desperate resorts, not of argument or principle to disturb the impregnable right and title of the President to his office. Ben should not throw bricks which fall to pieces before they reach the White House and scatter their returning dust in his own eyes.

### SUTRO'S TUNNEL.

Its Connection with the Comstock. The *Evening Chronicle* of yesterday stated that the Suto tunnel, which has been nine years in process of construction, and cost \$4,000,000, would connect with the Savage mine before to-day—June 28th. The *Chronicle* says:

Before the next issue of the *Evening Chronicle* is read the Suto Tunnel will probably be connected with the workings of the Comstock lode. At 10 o'clock this morning the miners working in the drift from the Savage incline and those in the heading of the tunnel could converse distinctly and exchanged greetings, and when the round of holes then being put in were blasted there would be a hole knocked through which would let the first breath of Carson valley air directly into the Comstock mines.

### A REVIEW OF THE TUNNEL'S HISTORY.

Ground was broken for the Suto tunnel on the 19th day of October, 1899. The work has therefore required eight years, eight months and ten days to complete. The progress was very slow at first, all drilling having been by hand; but in the spring of 1874, experiments with the Burleigh drill having demonstrated the advantages to be derived from the use of that machine, a carriage capable of supporting six of these machines while at work was made, and on the 22d day of June four were started. The progress was now much more rapid than ever before in the history of tunneling in the world, and on August 7th of the same year, two more drills were put to work. This made six altogether. From that date the average progress was over 300 feet per month up to April, 1877 when, the header having entered the broad Comstock mineral belt, the heat became so intense that two drills had to be taken off the carriage. From that day the average monthly progress was 250 feet.

Work has been continued uninterruptedly from the time that ground was broken until to-day, but at times only two men were at work in the tunnel. The greatest progress was in December, 1875, when the header was advanced 417 feet; and the least in October, 1870, when it was only advanced 19 feet. The total length of the tunnel, as stated in the official chart published last September, is 20,170 feet.

The tunnel being connected with the Comstock workings, the next move of Mr. Suto will doubtless be to start north and south drifts to connect with all the mines on the lode. The work has cost nearly \$4,000,000. The drift on the 1700-foot level of the Savage is caved full.

### A Big Fire and Explosion.

DUTCH FLAT, Cal., June 27.—An incendiary fire occurred at Little York last night at 12 o'clock, destroying thirteen dwellings, one boarding house and one powder house. The powder house contained 1400 pounds of dynamite powder. The explosion destroyed the Little York company's office, injuring Superintendent D. W. C. Morgan and killing six horses. The shock was so severe that it shook the town of Dutch Flat, three miles distant, as violently as a heavy shock of earthquake, and aroused the whole town. Incendiaries started fires at both ends of the Little York company's barn, cut the fire hose, broke the pipe and shut off the supply of water. There was no insurance except on the boarding house.

A hackman by the name of Darling committed suicide yesterday in San Francisco. Somebody's darling is no more, but had he died a natural death his name might not have been known outside of San Francisco. Little notoriety about the suicide business.

**A SPLENDID TRIP.**—There is some talk of a party of Reno ladies and gentlemen going on a week's visit to Independence and Webber lakes, near Truckee. The former lake is now under a new management, and the grounds adjoining are fitted up with croquet grounds, swings, bath houses and dancing halls. Boats and fishing tackle free. Such a place is indeed a paradise for the tourist. Carriages for the lake leave Truckee Mondays, Wednesdays and Fridays. Should the party be formed they will leave here sometime next month and go by private conveyance. They propose to camp out and have such a time as only those who go in for fun and recreation can have.

**REPORT CORRECTED.**—It has been reported by a firm in this town that there could be no extra obtained for the Wheeler harvesting machines; also that Mr. C. A. Perry, the agent, was only to be here a short time. Mr. Perry wants it distinctly understood that he has all extras for his machine, and that Reno is his home. Therefore, anything to the contrary is entirely untrue, and, he alleges, is merely told to injure his business.

**Extraordinary inducements!** Intense excitement! Immense crowds! Everything harmonious at the great slaughter of pictures at Marshall's Rooms by auction! Everything to be closed out this evening regardless of cost. Don't miss the winding up sale.

## Jottings.

—Pools sell for to-morrow's races this evening at the Depot hotel.  
 —The North Bonanza mine at Virginia City, is shipping ore to the Auburn mill.  
 —Remember the sale of chromos this evening at Marshall's building. Last evening of the sale.  
 —A meeting of the tax-payers' committee is called for to-morrow evening at 8 o'clock at the office of attorney J. Bowman.

—Miss Mary Taylor, will open a private school Monday July 8th in Mr. Cantrill's room in the public school building.

—Members of the Reno Sporting Club are requested by the President to meet at the V. & T. Freight Office this evening at 7:30 o'clock.

—The first regular meeting of the Nevada State Medical society, will be held in Virginia city next Monday. Several of our Reno physicians are members of this society.

—The July dividends of California are offered on the street for \$1.50. The Nevada Bank has reduced the loan limit on the stock to \$10, but has not yet called for "more mud" from those who have obtained \$15 on the stock.

—We have it on good authority that Rev. G. W. Fitch has not received a call from Trinity parish to be its rector. Rev. Mr. Lucas is and will continue the rector of the Episcopal in this place. Rev. Fitch may and probably will join the Episcopal church at this place.

—Mr. J. P. Hixon, of San Francisco, who is merchant tailor for the well known house of G. Kennedy, on California street, inserts a local card elsewhere which will be of interest to those wishing made to order the best and latest style suits from first quality French and English goods.

—The San Francisco stock board will take next week as a holiday week. They will, therefore, adjourn to-morrow until July 8th. There is more than a mere observance of the Fourth in this week's vacation. Stocks now are weak, and developments, jobs, etc. probably need time for their winding up.

#### Shooting Near Carson.

We glean the following additional particulars of the shooting affray near Carson on Wednesday last, from the Appeal: In a difficulty Wednesday afternoon near the Winnie ranch, a short distance above Carson, a young man named Herbert Robinson, in the employ of Mr. Winole, was struck with a spade and afterwards shot in one of his arms by Marion Little, who owns an adjoining ranch. The trouble grew out of the driving of Mr. Winole's cows. Robinson, who is reported to be a quiet young man, attempted to have an explanation from Little, when the striking with the spade and the shooting followed. The wound is not a dangerous one, the gun having been charged with bird shot. Constable Stern arrested Little, who gave \$1000 bail, and will have a hearing before Justice Witherill on Thursday next.

**DEMOCRATIC STATE CENTRAL COMMITTEE.**—This body, to meet at Virginia City, on Saturday, 29th inst., consists of the following named persons: William Hill, Churchill county; E. D. Black, Douglas; W. H. Hall, Esmeralda; H. C. Street, Elko; John H. Dennis, Eureka; C. C. Biles, Humboldt; Miles Quillan, Lincoln; Robert McCuth, Lander; J. I. Angell, Lyon; Frank Owen, Nye; J. A. St. Clair, Ormsby; E. B. Stonehill, Storey; Thos. E. Haydon, Washoe; Geo. E. McConkey, White Pine; J. C. Currie, Robert E. Lowery, W. E. Deal, T. W. Healy, R. E. Kelly, at large.

**IN PRESS.**—A. L. Bancroft & Co. law publishers of San Francisco, have now in press a digest of the twelve volumes of Nevada Supreme Court Reports, and four volumes of Sawyer's Circuit Court Reports, by Hon. Thos. P. Hawley, Chief Justice of the Supreme Court of Nevada. The volume will appear early in July. This is rather tough on Messrs. Waldo & Julien, who are engaged in getting up a similar work.

**WARRANTED.**—All the machines started by C. A. Perry this year have given complete satisfaction. The Wheeler Mowers and Reapers are fully warranted, and no one who buys is obliged to keep one unless they do all that is claimed for them. They cut one acre of grass or grain per hour, and do it with lighter draft on man and horses than any other machine made.

## Yesterday's Races.

The attendance at the fair grounds yesterday was very light but will no doubt be much increased to-day on the occasion of the two-mile trot. The first race yesterday was half-mile and repeat. Longley, Ramrod, Hattie R., Alice and Catalpha came to the score. Ramrod won easily in 51 1/4 53, Hattie second and Catalpha outside. The second race was a trot, beat three in five, between South Platte, Jewess and Henry B. South Platte was a slight favorite, and won in 2:40 1/4, 2:54 1/4, 2:50 1/4. Henry B. was distanced. The programme for to-day is the half-mile dash between Cousin Vic, Eclipic and Hattie R. Trotting, beat three in five, between South Platte, Jewess and Henry B. Trotting, two miles and repeat, between Lelu, Democrat and Muggins.

For to-morrow the grand mat. h. race is the attraction and ought to be very interesting. We believe the horses will go for blood, and they are all exceedingly noisy when started on the right foot. A large crowd is expected from Virginia to-morrow. Following is the programme:

Running—Purse \$150, mile and repeat. Second horse, \$25.  
 Trotting—\$400, mile heats three in five to harness. Match race between Tom Morgan, Jack Stuart, Jim Cook and Muggins. Second horse \$100.

#### A CARD.

Editor Gazette:—DEAR SIR.—Having engaged myself with the well-known house of E. Kennedy, 505 California street, San Francisco, who has engaged a celebrated cutter from Broadway, New York city, at great expense, I would be pleased to have you send in your order, as I have placed all my measures taken by me on his ledger, and if desired I will send samples of all our late imported English and French goods.

Very Respectfully  
 J. P. HIXON.

**SCHOOL ENTERTAINMENT THIS EVENING.**—Do not fail to attend the school entertainment this evening at the Academy of Music. An interesting programme has been prepared, and we are convinced that the audience will be pleased with the performance. The object is a most excellent one, viz: the purchase of a library for the use of the large pupils attending the public schools. We trust our citizens will appreciate Mr. Ring's efforts in this matter and be present at this and to-morrow evening's entertainment.

#### Closing Exercises.

The closing exercises of the various departments of the public school were attended by a large number of visitors this afternoon. The speaking, singing, etc., were very interesting, the pupils reflecting much credit on their teachers.

**PERSONAL.**—Matt. Canavan, owner of Stewart and Democrat, returned from San Francisco this morning. Mr. Canavan was re-elected Superintendent of the New York Consolidated at the annual meeting, by a vote which was very complimentary to his management.
